

MOBILE VIDEO SURVEILLANCE

Safety first and foremost.

Help secure the safety of passengers and drivers with on-vehicle video systems.

Our video security system features:

- ▶ High-definition mobile recorders
- ▶ Intuitive and secure video management software
- ▶ External receivers with GPS antennas
- ▶ Mobile cellular routers with LTE/MIMI/Wi-Fi antenna recorders
- ▶ Mobile apps

Strategically placed high-definition camera systems capture every activity on your vehicle and securely download video for review. Both an effective deterrent and capable witness, our rugged security system stands up to the rigors or travel, weather, and over zealous defense attorneys.

The pinnacle in vehicle video surveillance systems.

- ▶ Maximum equipment up-time, with notifications for system events and failures
- ▶ Support for up to 16 cameras and 18 audio inputs
- ▶ High definition recording up to 1280x720
- ▶ Up to 4TB of removable recording space with friendly search tools and security options to prevent unauthorized viewing
- ▶ 3G/4G and GPS capable with auto-connect Wi-Fi functionality
- ▶ Optimal network performance with H.264 compression
- ▶ SAE-rated steel construction for vandal and impact resistance with options for tempered glass or UV coating
- ▶ Plug-and-play open-architecture system ensures compatibility with future cellular technology and upgrades

Climb on board with the value leader in **complete** transit systems.
